DELIVERING INSPIRATION FOR YOUR KITCHEN

Carron Phoenix manufacture products that give you inspiration for your kitchen.

OUR HISTORY

The Carron Phoenix story began in 1759 when the Carron Iron Company was founded near the town of Falkirk in Central Scotland.

Famed for the manufacture of the iconic red telephone boxes and pillar boxes still in use throughout the UK today, the Carron Iron Company was considered to be the centre of the industrial revolution in Scotland and quickly became the largest iron works in Europe.

Moving forward more than 250 years Carron Phoenix is now one of the leading manufacturers of kitchen sinks in the UK.

Our sink design philosophy means that we do not compromise between stylish good looks and practicality. Whether Granite, Stainless Steel or Ceramic, all of our sinks are guaranteed for a lifetime, so you can be confident that they are of exceptional quality and are made to last.

To complement the perfect sink, our extensive range of taps, accessories and waste management systems, gives you an all-round solution for getting the most from your kitchen sink space. Carron Phoenix manufactures products that are beautiful to look at and excellent to work with.

GUARANTEES

As Carron Phoenix sinks are built to the highest manufacturing standards, we are proud to offer an extensive guarantee on all of our products against manufacturing defects.

Full details of our guarantees can be found on www.carron.com/guarantee

Two year guarantee for accessories

Two year guarantee on instant boiling water taps

Five year guarantee for standard taps

Lifetime guarantee for sinks

OFFERS VALID FROM
1st JULY 2021

CHOICE OF MATERIALS & FINISHES

The sinks and taps in our value packs have been selected from our most popular ranges to offer you generous savings against individual retail prices.

Our kitchen sinks are available in a range of materials to suit your particular requirements and design preferences that offer superb design opportunities for combining with a wide range of work surface materials. Some of our finishes contain metallic particles for a beautifully subtle, but rich appearance. So, whichever material or finish you choose, you can rest assured that your Carron Phoenix sink is manufactured to the highest standards.

Stainless Steel

An established favourite, Stainless Steel sinks are practical, hard-wearing and easy to clean.

Stainless Steel sinks are available in:

- P
POLISHED
- B
BRUSHED

Granite

Manufactured using real granite particles, this material gives you the design scope to introduce colour into your sink area. It offers excellent performance for a lifetime.

Granite sinks are available in:

- PW
POLAR WHITE
- CH
CHAMPAGNE
- SG
STONE GREY
- ON
ONYX

Ceramic

Whether your kitchen design is traditional or contemporary, the lustre of a sublime fine-fire-clay ceramic sink will certainly add a touch of elegance.

Ceramic sinks are available in:

- WH
WHITE

Tap Finish Colours

- CH
CHROME
- BN
BRUSHED NICKEL
- SG
STONE GREY
- ON
ONYX
- MB
MATT BLACK

PRICE RRP
£926

Seraphina 3-in-1 Boiling Water Tap

The Seraphina 3-in-1 boiling water tap provides instant boiling water (100°C) at the touch of a button. Seraphina provides normal hot and cold water as well as boiling water, all from the same unit.

Why waste electricity and water when boiling the kettle when you can have instant boiling water for making coffee, tea or for cooking on tap?

Seraphina incorporates a water conditioning filter, ensuring your boiling water is free from sediment, odour and any unwanted particles. Seraphina requires the activation of a safety button to operate the boiling water function, ensuring the safety of users.

In addition to the tap and the filter, the Seraphina system includes a 4.7 litre heating tank which can be situated horizontally or vertically behind a standard 150mm high cabinet plinth. This unique feature frees up the cabinet space underneath the sink for a very practical solution.

Finish available

CH

CH - 119.0285.777

IMPORTANT

Please be aware of your water pressure before purchase. If your water pressure is too low, the installation of a pump should be investigated. If your pressure is too high, the inclusion of a pressure reducing valve (not supplied) in the system will be necessary.

Operating pressures: 1.5 to 5 bar.

This tap and tank come with a 2 year guarantee.
