SINK & TAP PACK DEALS AND ADDITIONAL OFFERS

September 2025 - March 2026

A story forged in Swiss precision

Our story began at the beginning of the last century as a small sheet-metal business in Rorschach, Switzerland, established by Hermann Franke.

Since then, we opened up manufacturing facilities all around the globe that led us to become leaders in the kitchen sinks segment, and home solutions altogether. We combine **traditional craftsmanship, precision engineering** and a constant pursuit of **innovation**, the three principles that remain at our core.

Integrated kitchen solutions that work together

The kitchen is truly the heart of the home, serving as a multifunctional space where we cook, dine, and gather. Our products are designed to integrate seamlessly into cohesive systems, enhancing both functionality and aesthetics. With perfectly coordinated colours, designs, and combinations, we aim to simplify your daily life while elevating the visual appeal of your kitchen.

Food preparation areas

Taps, sinks and waste management systems.

Award-winning, smart, eco-friendly taps perfectly completed by elegant, spacious bowls that can be equipped with accessories or other smart tools so you have everything you need, always at hand. Everything in the best, most durable and hygienic materials, for example stainless steel or our exclusive Franganite.

Hoods

Wall, ceiling, built-in and island hoods.

Every kitchen has unique requirements, which is why we developed a selection of hoods that will impress you with their technology, efficiency, lighting, and stunning designs. Explore the variety of colours, shapes, and innovative technologies, including built-in screens and air-purifying systems.

Appliances

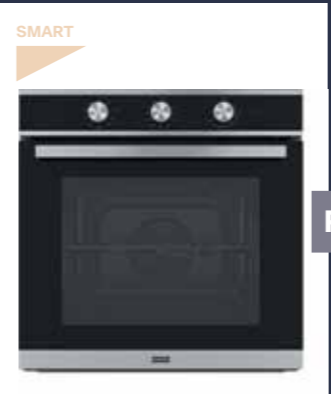

Ovens, microwaves and hobs.

When we design our appliances, we do so with your routines in mind, so that we can offer functional solutions that are easy to use, smart in their features and beautiful to look at.

FINISH WITH FLAIR

Perfectly embodying the trend for metallic finishes in the kitchen, Franke has extended its range of coloured wastes, designed to co-ordinate with Mythos Masterpiece, Atlas and Eos taps, and Atlas Soap Dispensers.

The collection comprises of warm Copper, luxurious Gold and dramatic Anthracite adding an industrial edge.

Together, these products bring an elegant, artful look to high-end kitchens.

N.B. This promotion is designed to assist Franke customers, and can only be redeemed by those customers who have the ability to demonstrate Franke products, e.g. by displaying in a showroom or via demonstration / installation. This offer is not available to retailers who trade only via the internet.

Franke sinks have a 50 year guarantee against manufacturing defect. Franke taps are guaranteed against defective materials and workmanship for 1 year in relation to coatings, finishes and 'O' rings and 5 years in relation to valve mechanisms and working parts. Franke will replace (and where appropriate repair) defective sinks. In relation to taps, Franke will, where appropriate, provide replacement parts for your taps or replace your taps at their discretion. Any associated or ancillary costs to be incurred by you as a result of replacement of Franke sinks and taps under this guarantee shall in all cases be previously approved by Franke UK Limited. This guarantee is in addition to and does not affect your statutory rights. For full details please see www.franke.co.uk/guarantee. Prices shown are UK mainland prices effective from 1 September 2025 and include VAT at the current rate of 20%. The Franke policy is one of continual improvement and Franke reserves the right to alter models and specifications without notice. E&OE.

Member of REPIC for WEEE Regulations. EEE Producer Registration Number - WEE/DG0059TT.
