# FRANKE VALUE PACKS

SELECTED SINK & TAP PACK DEALS

Premium products at a great price

## Swiss craftsmanship, durability, and innovative designs that effortlessly blend style with practicality.

Our story began at the beginning of the last century as a small sheet-metal business in Rorschach, Switzerland, established by Hermann Franke.

Since then, we opened up manufacturing facilities all around the globe that led us to become leaders in the kitchen sinks segment, and home solutions altogether. We combine **traditional craftsmanship, precision engineering** and a constant pursuit of **innovation**, the three principles that remain at our core.

## SINK & TAP VALUE PACKS

We have carefully chosen 24 sinks made from stainless steel, Fraganite, and ceramic, which come in both inset and undermount installation styles. Each value pack offers your selection of either Zurich or Athena taps in Chrome, with the possibility to upgrade to one of six different tap designs. Take advantage of additional savings by combining our best-selling sink and tap pairs into easy-to-purchase value packs.

## Show what you're made of!

### Stainless Steel

Franke stainless steel uses high-quality chrome-nickel steel with a polished, glistening finish that refines over time. Naturally rust, heat, and acid-resistant, it is durable, impact-resilient, non-porous, easy to clean, and hygienic. As a 100% recyclable material, stainless steel is an environmentally-friendly, sustainable choice for modern kitchens.

### Fragranite

Franke's Fraganite sink is a durable quartz-acrylic composite with a finely textured, non-porous surface for superior hygiene and scratch resistance. The Maris Fraganite Bowl showcases this material, prioritising food safety for a cleaner, more hygienic food preparation experience.

### Ceramic

Made from this stunning natural material and handcrafted for quality in a range of on-trend tones and elegant shapes, you're bound to fall in love with one of our ceramic kitchen sinks.

Franke ceramic is fired for 20 hours in a tunnel kiln at temperatures above 1200°C (2000°F), creating an extremely hard surface that is scratch-resistant, heat-proof, and impervious to acids and bleaches.

**50 YEARS**  
GUARANTEE

Every Franke sink is guaranteed for 50 years

FPP/03/26/10

N.B. This promotion is designed to assist Franke customers, and can only be redeemed by those customers who have the ability to demonstrate Franke products, e.g. by displaying in a showroom or via demonstration / installation. This offer is not available to retailers who trade only via the internet.

Franke sinks have a 50 year guarantee against manufacturing defect. Franke taps are guaranteed against defective materials and workmanship for 1 year in relation to coatings, finishes and 'O' rings and 5 years in relation to valve mechanisms and working parts. Franke will replace (and where appropriate repair) defective sinks. In relation to taps, Franke will, where appropriate, provide replacement parts for your taps or replace your taps at their discretion. Any associated or ancillary costs to be incurred by you as a result of replacement of Franke sinks and taps under this guarantee shall in all cases be previously approved by Franke UK Limited. This guarantee is in addition to and does not affect your statutory rights. For full details please see [www.franke.co.uk/guarantee](http://www.franke.co.uk/guarantee). Prices shown are UK mainland prices effective from 1 March 2026 and include VAT at the current rate of 20%. The Franke policy is one of continual improvement and Franke reserves the right to alter models and specifications without notice. E&OE.
